COMBINED UNIVERSAL Safety Lifeline FRAME, TESTER & ACCESSORIES Kit 2

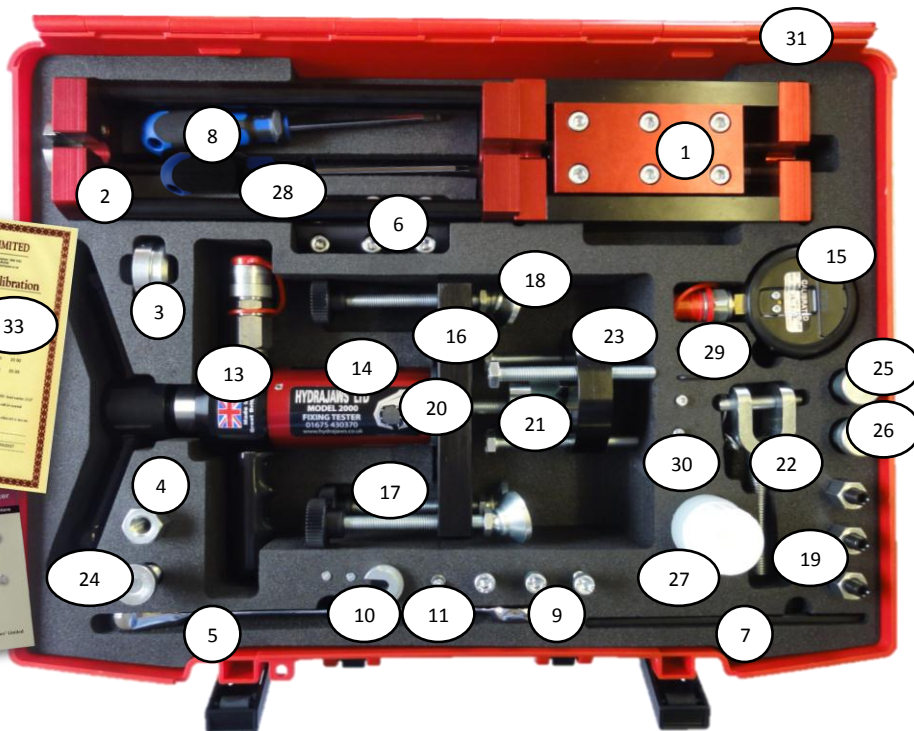

"Lighter, more compact and very user friendly, the Hydrajaws Universal Safety Lifeline Anchor Tester Kit 2 is a complete one box solution. The frame clamps directly to all 8mm wire rope systems and will test all the swaged components during installation and for annual inspections in accordance with existing safety standards.

The Kit 2 is supplied with all necessary accessories to enable the operator to test existing installations including those with long terminating assemblies without any additional parts having to be used."
